Our caregivers...

Compassionate caregivers with a sensible, intelligent outlook on the home care industry – that's who we employ here at Larock.

We understand the stress and uncertainty that comes with selecting a caregiver; therefore, we have processes in place to make the task easier and to give you peace-of-mind. You'll receive an interview-like questionnaire in order to help us match you with the best caregiver. If you are in need of long-term care, we welcome the option for you to interview and select the caregiver who best fits your lifestyle. Larock strives to be as accommodating as possible, which sets us apart from our competition.

Our caregivers are carefully selected after a series of interviews, DMV, background and drug tests, and reference calls. Larock follows all licensing rules set forth by the State of Ohio as well as carries insurance and bonding for all caregivers.

At Larock...
